Motion text

From line 863 to 869:

One nomination or support letter from the Member Organisation ~~they belong to~~that proposed the candidacy. If ~~that is not possible the Member Organisation, of which the~~a candidate ~~is from, must~~cannot provide ~~an explanation for the rejection of~~a nomination ~~and~~or support letter, the possible candidate has the right to provide a letter of justification. The letter will be shared with the delegates of the General Assembly. The General Assembly will decide, through a vote by two-thirds majority, whether this person is admitted as a candidate or not.

Reason

At the last General Assembly, we had candidates whose candidacies were supported by their member organization, but they could not be explicitly endorsed for various reasons, e.g., the candidate being over the age limit to be in the organization. Although the member organization did not oppose them running as their candidates, the current process led to additional votes that were not necessarily needed, thus taking away time from the General Assembly. The two-thirds majority vote remains only in case the Member Organization wants to explicitly block a candidate from running.
