**Reason**

The Executive Committee has been working on improving the mental health of its volunteers the past year. One of the aspects that kept coming up during our discussions was the call to better compensate for the (oftentimes invisible and non-quantifiable) work of the Executive Committee.

That is why we decided to propose the following amendment to the IRP's, implementing a higher and monthly EC allowance. We held several discussions within the EC, worked on a budget proposal, organized a discussion on it during the MO Forum in March and asked for advice from the Advisory Committee and Financial Control Committee. This amendment is the outcome of this process.
