

Ä26 to PP2-VI: FYEG Political Platform - Europe in the World

Proposers

Swiss Young Greens

Political Platform text

Insert from line 189 to 191:

1%. This amount must be fully spent on improving the situation of people in poverty-stricken countries capacity building in local and regional communities. It should neither end up with European companies that receive this as a covert subsidy, nor be spent to prevent migration to

Reason

capacity building and training of skills has been proven the most sustainable development in the past.
