Political Platform text

From line 251 to 255:

Trans women are women, trans men are men, non-binary is ~~valid~~people are non-binary, and trans rights are human rights. Mandatory mental health assessments violate trans people's dignity and right to self-determination and should be banned. We demand legal gender recognition procedures for all genders and none, and the right to change names in an auto-declarative and unconditional manner. These procedures should be quick,

Reason

Use of 'valid' is inappropriate here, non-binary people should be allowed more than basic validity and instead celebrated as being non-binary.
