### Political Platform text

#### From line 271 to 273:

outside civil law. We believe states should not give preferential treatment to ~~certain religions~~any religion or to religious persons and organisations over other citizens and charities as this creates a discriminatory system. Workers should have the right to celebrate the holidays of their own religion without facing

#### Reason

We need to ensure that the text makes clear that not only do we not believe in preferential treatment for any religion over another, but also for religious persons and organisations over atheist and secular persons and organisations.
