R12 A4: End the Fossil Fuel Economy. Now.

Proposers Scottish Young Greens

Motion text

Insert from line 32 to 33:

- to drastically increase the taxation of fossil fuel companies, and introduce a windfall tax to eradicate fuel poverty and kickstart the just transition
- to put a cap on profits in the energy sector, as well as a cap on the cost of energy for consumers

Reason
Emphasising the support for communities and people.
