Political Platform text

Insert from line 1680 to 1682:

militarisation, we therefore call for an allocation of resources to where they can contribute to human security (see Glossary 84) and truly sustainable peace. FYEG believes that NATO member states must achieve their 2% of GDP towards their expenditure goals. This includes ensuring funding for civil society organisations and humanitarian

Reason

Protests wants FYEG MOs to finally accept the reality of the current situation and increase solidarity between NATO states. If you wish for peace, prepare for war. NATO is unfortunately absolutely necessary as a defensive organization, while Russia is led by a war crime committing fascist.
