Title: **PP1 AA16: Political Platform**

Political Platform text

Insert from line 1464 to 1465:

increasing inequalities. We support the introduction of public housing quotas by city and by neighbourhood. To prevent pressure on the housing prices on the private market, cities with large student populations need sufficient and quality student housing. Investments should be increased in public funding of student housing, and money should divested away from private housing corporations that exploit students.

Reason
Alternative amendment to PP1 A16.
