~~The Ukrainian resistance held up against the relentless terroristic onslaught of Russian occupiers. Despite Ukraine's heroic resistance, without the influx of new weaponry, Ukraine cannot hold. It is thus necessary that Ukraine will be supplied with weapons to continue its counter-offensives against the Russian war criminals. Sadly, a big part of NATO countries, especially Germany, are unwilling to aid Ukraine. Since the start of the full-scale invasion of Ukraine, Russian troops have launched missile and air attacks on military and civilian infrastructure. People around the world asked NATO member states and Ukraine-friendly countries to close the airspace over Ukraine to improve air and missile attacks and protect civilian cities in Ukraine. However, this request was ignored with the argument "if NATO closes the skies over Ukraine, it will consider the alliance's step into the war"~~

Reason

Even though this paragraph talks about a very important topic, we believe it does not have a place in this resolution, as there is a resolution specifically focused on Ukraine at this General Assembly. We believe that this resolution should open the debate on NATO, without tackling other topics, that merit a bigger/broader discussion (and will get within the space of another resolution).
