R11 A3: No To Airport Expansions — Not in Barcelona, Not Anywhere

Proposers DWARS, GroenLinkse Jongeren

Motion text

Insert from line 55 to 56:

- as was already approved by France on national air routes where an alternative rail service with travel times under 2.5 hours is offered. Competitiveness shall also include an assessment based on costs alongside duration

Reason

A competitive cost is important as many people opt to fly due to it being much cheaper than a rail alternative. We have to consider the needs of the lower and middle classes, primarily migrant communities, that also require accessible movement and access to other regions in Europe.
