Proposers Scottish Young Greens

Motion text

From line 25 to 26:

- a reform of the ~~International Olympic Committee's~~ Code of ~~Ethics~~Ethics' of all international sporting federations where severe human rights abuses in the process of preparing for the games

From line 32 to 37:

- at all times be avoided, where countries with history of human rights violations must closely consult and be supervised by the ~~International Olympic Committee~~ appropiate international sporting federation, and in case of violation an appropriate sanction can be put on the host country;
- ~~to apply these provisions analogously to international sports federations with their respective international sporting events and competitions;~~

Reason

Rather than only mention the Olympic Committee and then add a point to make it apply to other federations, summarise it in all points to highlight it applies to all.
