in their income. According to the research done by the European Youth Forum, one in every four young people reported a decrease in their income[Space](Beyond Lockdown - the pandemic scar on young people).

From line 85 to 87:

- formal and informal youth organisations to organise “pilot” activities, much similar to the Council of Europe’s ~~EYF~~European Youth Foundation (EYF) Pilot Activities. The application and reporting should be simple so that new organisations

From line 91 to 94:

- didn’t pay its membership fee, the CoE immediately cut funds from the youth sector. We can not let this happen again. The ~~European Youth Foundation~~EYF has been providing support to young people all across the continent for 50 years and they must be protected at all costs.

From line 133 to 134:

- increasing the financial support provided to ~~CSOs~~civil society organisations (CSOs) who work on mental health

Reason

For accessibility, CSOs is amended to state in full civil society organisations as it was not mentioned anywhere else in the resolution. It was thus unclear if it were referring to civil society organisations or clinical & support options.
The same was done for EYF to avoid confusion between the European Youth Forum and European Youth Foundation.
