**R16 A3: ENERGY INDEPENDENCE AND INFRASTRUCTURE: Towards a truly interconnected and sustainable energy market**

**Proposers** FYEG Executive Committee and DWARS

**Title**

**Change to:**
ENERGY INDEPENDENCE AND INFRASTRUCTURE: Ending the fossil fuel economy and working towards a truly interconnected and sustainable energy market

**Motion text**

**Delete from line 77 to 78:**

1. capacity and reducing costs and therefore prices in order to achieve energy independence, by:[Space]

**Delete from line 91 to 92:**

2. essential step to ensure a functional and efficient European energy market, as well as a necessity for more sustainable energy supply, by:[Space]

**Reason**
We are merging both resolution on energy - the title reflects this
