Motivation Letter

Hello, I am Hannah and I am currently based in Glasgow, Scotland. Over the last year I have been the Climate Campaign Officer for the Scottish Young Greens, which was my first introduction to the FYEG and the wider green community. My main role within SYG was in organising the Youth Hub for COP26 which was hosted in Glasgow last November. Working alongside FYEG and GYG (Global Young Greens) we hosted 19 sessions over 12 days for young activists from across the globe; focusing on climate justice, youth in politics and fossil fuel divestment. This was an incredible opportunity for me to see the work of FYEG and our international green community, and is the reason why I would love to join the Editorial Board of Ecosprinter.

Ecosprinter is such a great opportunity for us to share our perspectives of common causes and issues across Europe. As a member of the Editorial Board, I would like to develop the work of previous years and highlight the shared challenges across Europe and beyond, as well as different approaches communities are adopting to address them. From renewable energies to social justice, there are a multitude of common causes across our continent and beyond. As an Erasmus Mundus Master's student of Central & East European, Russian & Eurasian Studies; my experience and academic expertise will bring a valuable perspective to the editorial board. Having lived in West, Central and Northern Europe, I have regional knowledge of the challenges faced across Europe and I would love the opportunity to work with activists to highlight the incredible work that is being done to fight for a better future across Europe and beyond.

The work of Ecosprinter contributors and writers have the potential to bring so many motivated activists to FYEG's community, and in the next year I would love to have a role in developing this. Online publications are a great way of reaching a wider audience, and one of my key targets would be expanding the reach of Ecosprinter's and its online presence. This would be coupled with expanding recruitment of writers for our online and printed editions of the magazine. For people looking to become more involved in FYEG during the year, I would like to make Ecosprinter one of the best (and most accessible) ways to do so.

We all became activists because we are passionate about creating a more just, sustainable planet. As a member of the Editorial Board, I want Ecosprinter to become a platform for us to share what makes us fight for that future; whether it be a just transition from fossil fuels, comprehensive social welfare, or the importance of political representation for young people. Platforming what we have achieved and what we want to fight for next should become one of our main tools in the years ahead, particularly looking to the 2024 elections. I would love to see Ecosprinter become a way of celebrating our wins as greens, and raise issues that are important to us at a local, national and international level.

We are all united in our desire to see a better and healthier planet for future generations, and Ecosprinter is a perfect method of sharing our successes and our struggles. I hope to be able to join the Editorial Board for 2022-23 and expand this incredible magazine even further!

Best wishes,
Hannah

THIS IS A MOTIVATION LETTER

AN ALTERNATIVE

FROM JAVIER FOR
ECOSPRINTER EDITORIAL BOARD

FYEG

2022

JAVIER

© European Greens

WHO AM I?

My name is Javier Larios. I'm **an activist who fights for social, climate, and gender justice**. I strongly believe in the values of the Green movements.

I'm originally from Mexico, based in Paris with a broad experience in European topics, particularly; on social and climate subjects.

Because of my personal, economic and social background, I have being in contact with distinct social and economic groups and experienced different situations: from inequalities to privileges. This position has allowed me to have a broad picture of different social fights. To fight for the topics that concern me but also to stand in solidarity with other movements.

Since 2012, I have used my **creativity, skills, motivation and knowledge in media, graphic design, and multimedia production for social change**, working and collaborating with international institutions and NGOs in Mexico and Europe. I believe on the power of institutional action, media and street action.

I want to go further this time. I want to level up my role in the fight for a sustainable, social & inclusive Europe!

I want to become a member of Ecosprinter Editorial Board!

MY EXPERIENCE WITHIN

THE GREEN MOUVEMENT

Former-communications Officer of FYEG (2018)

Experience collaborating with the European Greens, Greens/EFA, FYEG.

Relationship with the Global Young Greens, including redesigning their logo.

I want to become a member of Ecosprinter Editorial Board to be part of the engine of change, to keep involved in the Green movement!

I'm a proudly Latino migrant, queer, ecologist, feminist (or feminist-ally, depending on your perspective) activist!

Representation matters! I wouldn't say I'm be the voice of the voiceless; because we all have voices, but I want to support and use my resources and skill to amplify the voice of those we've been oppressed.

I have experience and a lot of energy and motivation to share and to use them on the streets, in media and in institutions.

GLOBAL YOUNG GREENS → GLOBAL YOUNG GREENS

Global Young Greens logo redesign 2020

If I become a member of Ecosprinter, I would propose to collectively generate news ideas on how to improve and refresh Ecosprinter, looking ahead to the European elections of 2024, including a new visual and identity style.

To improve its visibility on social media to better communicate on the topics and values of the Green Movement.

ECOSPRINTER EDITORIAL BOARD – MOTIVATION LETTER

Dear General Assembly, dear Member Organizations,

I would like to present my interest and motivation for a position on the Ecosprinter Editorial Board.
My name is Mia and I am from Zagreb, the capital of Croatia. Having graduated with an MA in English and French Studies at the University of Zagreb, I am hoping to continue my journey in an international and multicultural field of work.

As a language student, I have been able to work creatively on many projects involving editing. I was a member of the English Students' Club X.a and participated as a member of the Organizing Committee of our annual Conference on English Studies in 2017, 2019, and 2020. I was also editor-in-chief for the 2019 conference proceedings and a member of the editorial board on another two occasions. I worked as a proofreader and editor for several other student publications, both in English and French.

I have been active with the Forum for Sustainable Development Green Window, a member of the Cooperation and Development Network Eastern Europe, since early 2020. Our organization is actively involved in promoting green policies and ideas in Croatia, as well as working to engage young people in discussions of important topics. Before I became a member of the Forum, I participated in the European Green Activists Training in 2019, organized in collaboration with GEF, which was a pivotal moment for me in learning about green policies and topics. Since then, I have attended different workshops and conferences, mostly focusing on sustainable development and activism, which have all had a great impact on my personal and professional growth.

I am certain that contributing to the work of Ecosprinter and FYEG would be an amazing and enriching experience. It would allow me to learn more about EU and green topics which are significant for the present, as well as the future. Active participation in the discussion of these topics would be a great way to deepen my knowledge, form new ideas, develop my communication skills, and have fun. Meeting new people who share my ideas and those with different points of view would be another wonderful part of this experience. Teamwork, adaptability, responsibility, as well as communication, and problem-solving are skills I am constantly working on and that will be of great importance in a working environment such as this.

Thank you very much for taking the time to consider my application. I am looking forward to seeing what the future holds for Ecosprinter and FYEG, and I hope to spend some of that time with you!

All the best,
Mia Uremović
