R11 A7: 2% of GDP towards climate solutions

Proposers Greens of England & Wales

Motion text

Insert from line 18 to 20:

money towards climate solutions in the most cost-effective way, aligned with their national policy matters. **Solutions should also be thought about from an entire supply chain perspective to ensure EU countries do not use the budget for projects where carbon emissions are passed on to other countries.** Climate solutions oftentimes are interlinked and feed into each other. For thematic practical implementation, we again refer to

Reason

again, thinking global and stopping EU exploiting other countries
