R15 A5: Decolonising Europe starts with us: Breaking the chains of colonialism within the Green movement

Proposers Joves Ecosocialistes

Motion text

From line 16 to 18:

sociopolitical and economic hegemony is only made possible through the continued oppression and exploitation of the Global South.[Space]The militarization and the arms industry are also one of the pathways for exploitation and destruction of the Global South.

Reason

We consider militarization and army industry are elements related to colonialism and fossiel fuel economy.
