R8 A2: Addressing the Structural Issues Underlying the Tide of Disinformation

Proposers Joves Ecosocialistes

Motion text

Insert from line 23 to 25:

narratives and tropes designed to reinforce existing power hierarchies that propagate racism, antisemitism, islamophobia, misogyny, xenophobia and transphobia. Further, marginalisation leads to institutional distrust which increases vulnerability to disinformation.

Reason

This kind of lists are never complete and we understand that these two terms can be included under racism, but the far right uses disinformation that targets these two groups, so we find it worth opinting out
