R1 A1: End the Death Zone: Against the Inhumane Treatment of Asylum Seekers on the Belarusian Border

Proposers FYEG Executive Committee

Motion text

From line 43 to 50:

The Federation of ~~European~~ Young European Greens calls for an immediate end to the inhumane treatment of migrants and refugees by the Belarusian regime and governments of Latvia, Lithuania, and Poland~~. We urge them to find a humane solution to this crisis and to allow access to the border zone. We appeal once again to the European Union to stop ignoring this situation~~. FYEG stands in solidarity with all those affected by this crisis and will continue to work towards a world where the rights and dignity of all people, regardless of their background or status, are respected and protected.[Space]

We ask the European Union:

To put pressure on the Baltic states to respect the European Convention on Human Rights;

To stop criminalising solidarity actors and people on the move, and guarantee access to the border zone to solidarity actors to help with humanitarian aid;

To stop countries using state of emergency acts to violate Human Rights.

Reason

We believe a resolution should have specific calls for action. Therefore, we reviewed the text a bit in this sense.
