Motion text

From line 103 to 105:

- Recognise the right of Palestinian and Israeli people to self-determination, ~~and reaffirm support for a two-state solution based on secure and mutually agreed borders on 1967 lines.~~

Reason

While we acknowledge the importance of recognizing the right of both Palestinians and Israelis to self-determination, we believe that emphasizing this right without mentioning a specific solution allows for greater flexibility in constructively pursuing peace and justice. We also recognize that the evolving and increasingly complex dynamics between the parties involved may require alternative frameworks beyond the traditional two-state solution.
