Motion text

From line 7 to 10:

This resolution is borne out of the recognition that the European Union (EU) and the governments of EU member states and other European countries ~~have the urgent~~bear a historical responsibility to do everything in their power to ~~prevent~~stop the ongoing genocide of the Palestinian people, and to work towards peace between Israel and

Reason

It is our belief that an ongoing genocide cannot be prevented; it can only be stopped, and this should be the course that we, as Europeans, need to take in order to stop this atrocity from continuing. Additionally, by recognising the historical responsibility that European countries have in the ongoing conflict, we as FYEG are bringing more urgency and agency to this matter.
