Proposers	Zelena omladina Srbije - Green Youth of Serbia

Motion text

Insert from line 159 to 160:

- support and funding for Hamas and other terrorist organisations in the region (United States Institute of Peace, 2023). **Additionally, countries supporting the IDF must immediately halt its provision of arms and military funding to Israel and refrain from obstructing decisive action by the UN Security Council on this issue.**

Reason

We believe that it is important to address the issue of military and political support provided to the Israeli state and its Defense Forces - the IDF, by continuing to provide arms and military equipment to the army responsible for committing the crime of genocide in Gaza. Furthermore, we are concerned that the Western countries in the UNSC have not been acting in accordance with international law and the UN Charter.
