

R10 A2: Resolution on nuclear

Proposers

Jong Groen

Motion text

Delete after line 6:

Insert from line 102 to 103:

operators and nuclear fuel transportation operators to be fully transparent about the safety deviations. Another safety element to be considered is the dual use of this technology. The development of nuclear technology for the production of energy or the production of nuclear weapons cannot be distinguished. Both sectors depend on each other's research and knowledge production to develop.

Delete from line 120 to 124:
