

I1 Internal Rules of Procedure

Proposer: FYEG
Agenda item: 8. Statutory Documents

Motion text

1 General Principles

2 FYEG will have minimal statutes that only contain what legally matters and they
3 will be revised in case the Belgian law changes. All other matters will be taken
4 care of in the IRPs.

5 The IRPs must never contradict the statutes, they can elaborate.

6 The IRPs shall be facilitating and helping with decision-making processes as
7 well as the organisation of the federation. There shall be no more rules than
8 necessary.

9 This document shall be accessible to every MO on the website.

10 All acts, invoices, publications, official letters and websites, in electronic
11 form or not, emanating from the association must mention:

12 - its full or abbreviated name, immediately preceded or followed by "AISBL" or
13 "international non-profit association",

14 - the precise indication of its registered office,

15 - its company number,

16 - the terms "register of legal persons" or the abbreviation "RPM" followed by
17 the indication of the court of the registered office of the legal person,

18 - if applicable, their email address and website,

19 - the number of at least one account held by the association with a credit
20 institution established in Belgium,

21 - if applicable, the indication that the association is in liquidation.

22 **1. Member Organizations**

23 1.1. Membership

24 1.1.1. Membership categories

25 The association is made up of member organisations only and has three categories
26 of member organisations:

27 Full members

28 Candidate members

29 Associate members

30 1.1.2. Membership criteria

31 Membership criteria are detailed in the Statutes.

32 1.1.3. Conditions of admission of candidate members

33 Conditions of admission of candidate member organisations are detailed in the
34 Statutes.

35 1.1.4. Conditions of admission of full members

36 Conditions of admission of full member organisations are detailed in the
37 Statutes.

38 In addition, a candidate member organisation must apply for full membership
39 latest at the General Assembly three years after it has received its candidate
40 member organisation status. If the candidate member organisation does not apply
41 for full membership in the third year of its candidacy, the Executive Committee
42 can propose the suspension or exclusion of the candidate member organisation.

43 1.1.5. Conditions of admission of associate members

44 Conditions of admission of associate member organisations are detailed in the
45 Statutes.

46 1.1.6. Resignation of members

47 Conditions for the resignation of members are detailed in the Statutes.

48 1.1.7. Suspension of members

49 Conditions for the suspension of members are detailed in the Statutes.

50 The Executive Committee has a right to propose the suspension of a member
51 organisation to the General Assembly in the following cases (not limited to):

- 52 • no update or other contact is made between a member and the FYEG Executive
53 Committee between two General Assemblies,
- 54 • the member organisation doesn't fulfil one or more of the membership criteria,
- 55 • the member organisation didn't pay their membership fee,
- 56 • major changes that happened in the member organisation, which need to be
57 investigated by the EC.

58 The suspension of a member means that the organisation loses its voting rights.

59 When a member is suspended, the Executive Committee:

60 1. informs the member organisation about the suspension via an e-mail and
61 explain the consequences

62 2. makes all reasonable efforts to enable the member to regain its full
63 membership

64 3. creates a report on this process and presents it at the following General
65 Assembly.

66 1.1.8. Exclusion of members

67 Conditions for the exclusion of members are detailed in the Statutes.

68 The exclusion of an MO means that this organisation is not listed as a member
69 organisation anymore and hence loses all of its rights within FYEG. Following an
70 exclusion, an organisation that wishes to rejoin FYEG is expected to follow the
71 entire membership procedure, as a new organisation would.

72 The rejoining organisation is required to inform GA about changes that happened
73 in their organisation since leaving FYEG and explanation of their decision about
74 rejoining.

75 1.1.9. Suspension and exclusion in case of non-payment of
76 membership fee

77 The suspension and exclusion of member organisation in case of non-payment of
78 membership fee is further detailed in the Statutes.

79 1.1.10. Membership fee

80 FYEG has an annual membership fee. The ceiling is stated in the Statutes.

81 Each full member organisation shall pay an annual membership fee to FYEG. This
82 membership fee shall correspond to 1 % of the total incomes of their previous
83 year's realised budget with a minimum of 50 EUR for the EU and European Economic
84 Area (Iceland, Liechtenstein and Norway) and Switzerland and the United Kingdom,
85 and 25 EUR for all other European countries.

86 By way of derogation to the previous paragraph, the General Assembly may decide,
87 in duly justified cases, to lower the amount of the membership fee that a Member
88 Organisation shall pay, following a recommendation of the Executive Committee.
89 Requests for lowering the Membership fee shall be sent by a Member Organisation
90 to the Executive Committee at the latest 2 weeks before the GA.

91 Each full MO shall pay their membership fee for the running year on the first
92 evening of the GA at the latest, if it has not already been transferred earlier.

93 Full MOs are requested to provide their annual budget statement for the previous
94 year at the latest. A document listing the amount of the membership fee paid by
95 each MO and the way it has been calculated must be annexed to the financial
96 report of the year in question.

97 1.1.11. Membership reviews

98 The Executive Committee presents a review of the FYEG Member Organisations as
99 part of the Executive Committee Report. The review can include the following
100 information:

101 Overview of the region and its meetings and activities,

102 The Member Organisations' engagement with FYEG activities during the year,

103 Major changes to the Member Organisation.

104 In case of major changes (change of organisations' name, split in the
105 organisation, merge with another organisation, change of political affiliation,
106 etc.), the Executive Committee can propose the General Assembly to vote on that
107 change. The General Assembly may, among other options, take note of the change
108 or suspend the membership of the organisation to give sufficient time to the
109 Executive Committee to look into the situation.

110 1.2. Working with Member Organisations

111 1.2.1. Member Organisation Duties

112 Each MO should keep FYEG updated about:

- 113 - changes in the board
- 114 - valid contact addresses for the MO list and the website
- 115 - activities

116 1.2.2. FYEG duties

117 FYEG will provide the Member Organisations with:

- 118 - information about statutory meetings
- 119 - minutes and reports from statutory meetings and long ECMs
- 120 - a newsletter containing information and participation possibilities in current
121 activities
- 122 - regularly updated contacts of other Member Organisations

123 **2. General Assembly**

124 2.1. Composition

125 The General Assembly is the highest decision body. The General Assembly is
126 composed of one or two delegates per full member organisation, candidate member
127 organisation and associate member organisation.

128 MOs should strive to send delegations to GA that are gender-balanced and consist
129 of delegates maximum aged 30 years old. If the organisation is unable to find
130 delegates within the age limit, they can send older delegates aged 31-35.

131 The delegates can be asked to pay a participation fee for the General Assembly.

132 People who are employed by FYEG or are members of the FYEG Executive Committee
133 cannot be delegates to the general assembly.

134 2.2. Powers

135 The power of the General Assembly is detailed in the Statutes.

136 In addition to what Statutes state, a decision of the General Assembly is
137 required in the following cases:

- 139 - the adoption and amendment of Resolutions,
- 140 - the election of the Financial Control and Advisory Committee,
- 141 - the election of the Editorial Board of Ecosprinter,

146 organisations/networks

147 The General Assembly also hears the following reports:

- 150 - FYEG's Representative to the EGP Committee

151 - Ecosprinter Editorial Board report

152 - Financial Control and Advisory Committee report

154 2.3. Functioning

155 The Administrative Board and the Executive Committee summons the annual General
156 Assembly. FYEG Member Organisations are summoned to the General Assembly via
157 ordinary mail or e-mail. The convocation contains the agenda, date, time and
158 place of the General Assembly.

159 General Assembly is presided in line with the Meeting Rules (Annex - 1)

160 The rules for holding extraordinary General Assembly are detailed in the
161 Statutes.

162
163 Changes to the statutory and internal organisational documents take effect from
164 the first working day after the GA meeting where they were changed, except when
165 the GA votes for their immediate implementation through a second vote requiring
166 an absolute two-thirds majority. Persons elected by the General Assembly will
167 start their mandate from the first working day after the GA meeting where they
168 were elected, unless other rules apply for their mandate.

169 2.4. Deadlines and calls

170 The call for hosting the General Assembly must be sent **as soon as possible, no**
171 **later than 7 months before the tentative dates of the GA. The call must be open**
172 **at least one month.**The selection of the hosting organisation is done by the

206 the Statutes

207 In case the number of candidates is less than the number of positions open
208 and/or if the gender quota is not met, the Executive Committee will re-open the
209 call for additional candidates of the underrepresented gender and/or positions
210 with lacking candidates.

211 3 weeks before the General Assembly is the deadline for:

212 publication of Candidacies

223 The deadline for submitting emergency resolutions must be 2 days before the
224 start of the General Assembly. At the end of the General Assembly's first day,
225 the assembly sets a deadline for amendments to the emergency resolutions.

226 2.5. Submission of resolutions and amendments

227 At the general assembly Full Member Organisations and the Executive Committee
228 have the right to submit resolutions, and amendments to resolutions, the
229 political platform, the activity and financial plan, the strategic plan, the
230 statutes and the IRPs, bearing in mind the deadlines specified under 2.4.
231 Support of 3 Full Member Organizations is needed in order to table an emergency

232 resolution.

233 2.6. Presidency

234 The General Assembly confirms the Presidency proposed by the Executive Committee
235 before any other decisions are made.

236 The Presidency then:

- 237 • chairs the meetings and discussions at the General Assembly
- 238 • prepares the resolutions, amendments and voting procedures for the General
239 Assembly
- 240 • is responsible for taking the minutes of the General Assembly

241 The Presidency:

- 242 • consists of four to six people who must not be candidates to any positions
243 at the General Assembly.
- 244 • can be suspended and simultaneously replaced with an absolute two-third
245 majority by the assembly. Such a vote of no-confidence can be demanded by
246 at least 5% of the delegates, who must present people for the new
247 Presidency.

248 2.7. Participation fee

249 A participation fee to the General Assembly can be set up if the Treasurer finds
250 it necessary.

251 The following participants of the General Assembly are exempt from paying the
252 participation fee:

253 One delegate per Full, Candidate and Associate Member Organisation,

254 Executive Committee members

255 the Secretary-General and office

256 members of the Presidency

257 If a full Member Organisation sends a second delegate the participation fee is
258 halved in case at least one of the two delegates self-identifies as women,
259 intersex, nonbinary, trans or agender. Treasurer can grant exemption or lowering
260 of the fee to participant that request it.

261 2.8. Travel reimbursement

276 if at least one delegate self-identifies as women, intersex, nonbinary,
277 trans or agender.

278 **3. Election and Voting Procedures**

279 3.1. Attendance and voting quorums

280 In line with the Statutes, each Member Organisation has the right to attend the
281 General Assembly. Only Full Member Organisations have voting rights and each
282 Full Member Organisation has two votes.

283 3.1.1. Principles

284 In line with the Statutes, the General Assembly deliberates validly only if 50 %
285 + 1 of the Full Member Organisations are present or represented. The Statutes
286 detail the steps to follow in case the attendance quorum is not reached.

287 In line with the Statutes, in principle all decisions in FYEG are taken by a
288 simple majority of votes registered for the General Assembly. When voting,
289 abstention is always an option. When the vote relates to decisions concerning
290 persons or Member Organisations, the ballot is always secret. The voting body
291 can decide to have other voting procedures processed through secret ballot.

292 3.1.2. Procedures

293 Definitions

294 Votes registered at General Assembly - the number of Member Organisations and
295 their delegates who are registered for the General Assembly and have voted in
296 the determination of the General Assembly quorum

297 Votes cast - the number of votes that were submitted.

298 Simple majority

299 Majority of the votes cast, i.e. the number of "Yes" votes exceed the number of
300 "No" votes.

301 Abstentions are not considered in the count.

302 Examples:

303 Out of 20 votes: 11 yes, 9 no, 0 abstentions: passed; 1 yes, 0 no, 19
304 abstentions: passed.

305 10 yes; 10 no; 0 abstentions. not passed. 10 yes, 9 no, 1 abstention: passed.

306 Absolute majority

307 To pass "yes" should reach the majority (half+1, or half + 0.5 in case of odd
308 number) of the number of votes registered at the General Assembly.

309 Note that it is number of votes registered, not number of votes cast. This means
310 that if less than half of the voters are present and vote, this majority can
311 never be reached.

312 Examples:

313 20 voters registered: need 11 or more yes votes.

314 21 voters registered: need 11 or more yes votes.

315 22 voters registered: need 12 or more yes votes.

316 Simple two-thirds majority

317 Two thirds of the votes cast.

318 Absolute two-thirds majority

319 Two thirds of the number of votes registered.

320 Note that it is the number of votes registered, not the number of votes cast.
321 This means that if less than two thirds of the voters are present and vote this
322 majority can never be reached.

323 Examples:

324 20 voters: need 14 yes or more votes.

325 21 voters registered: need 14 or more yes votes.

326 22 voters registered: need 15 or more yes votes.

327 3.2. Election of candidates

328 3.2.1. Principles

329 FYEG uses a Single Transferable Vote (STV) electoral system with a standard
330 droop quota. Mathematically, this is the next integer larger than $V / (n+1)$ when
331 V = the total number of valid votes and n is the number of positions available.
332 Specifically recommended is the Scottish STV system.

333 3.2.2. Procedures

334 The main principle is to rank all the candidates according to the voter's
335 preferences for each candidate. Where 1 is the first preference 2 the second
336 preference and so on. Voters can rank all candidates even if the number of
337 candidates exceeds the number of positions. Voters can decide to not rank some
338 of the candidates even if this means leaving the ballot partially blank.

339 Only a completely blank ballot counts as abstention, an abstention counts under
340 the exception below.

341 If a simple majority of all ballots cast do not rank the candidate with any
342 numbers they are excluded from the election.

343 0 - All ballots are inspected to determine that candidates have received a
344 simple majority of any kind of ranking on cast ballots. If not, they will be
345 excluded from the election.

346 1 – The candidates who have reached the election quota (i.e. election threshold)
347 are elected.

348 2 – If some positions are still available, the following process starts:

349 2a – The left-over votes on candidates reaching the election threshold are
350 redistributed according to second preferences, using the Single Transferable
351 Vote system of distribution.

352 2b – If one or more candidates have reached the election threshold, that/those
353 candidate(s) are elected in order from highest to lowest vote count. The process
354 then starts again from point (2).

355 2c – If no candidate reaches the threshold in this way, the candidate with the

356 lowest amount of votes is removed from the election. The ballot-papers that
357 ranked this candidate as their first remaining preference are redistributed
358 according to their second preference. The process is then restarted (1).

359 2d - If, following the calculation of the election result, one or more
360 candidates is elected who is ineligible due to quota regulations, these
361 candidates (who had the least number of votes) are removed from the pool of
362 candidates and the entire election is recalculated. That is to say, the election
363 is recalculated, and each time the ineligible candidate would have received a
364 preference vote, the vote instead goes to the voter's next preference.

365 3.2.3. Exceptions

366 At the General Assembly:

367 Concerning the Executive Committee elections:

368 The spokespersons and the treasurer are elected separately from the rest of the
369 Executive Committee positions.

370 Concerning the Advisory Committee:

371 The newly elected Executive Committee will present the proposed Advisory
372 Committee to the General Assembly. The General Assembly ratifies the proposed
373 Advisory Committee by a simple majority vote.

374 Between General Assemblies:

375 Concerning the replacement of a resigned Executive Committee member:

376 If an Executive Committee member resigns, a new Executive Committee member can
377 be elected to replace them.

378 The Executive Committee will publishes a call for candidates for the vacant
379 position. Candidates will be elected via an electronic vote.

380 Any replaced EC member will have full voting rights in the Executive Committee.

381 3.3. Electronic voting

382 The Executive Committee can call for an electronic vote between General
383 Assemblies in urgent matters. It is the duty of the Executive Committee to

384 provide enough information for the full Member Organisations to make an informed
385 decision.

386 Each full Member Organisation has 2 votes. When voting, abstention is always an
387 option.

388 The voting period is set to two weeks with a one week reminder.

389 The Statutes, the Internal Rules and Procedures, the Strategic Plan and the
390 Political Platform cannot be subject to any electronic vote between the General
391 Assemblies.

392 Results will be announced within one week after the closing of the vote and
393 include detailed information.

394 3.4. Tiebreakers

395 3.4.1. Tiebreakers on point of substance

396 In the case of a tie between two points of substance, the vote shall be held
397 again. If the result is once again a tie, the body voting may choose to vote
398 once more, table the discussion to later in the meeting, or decide by some form
399 of chance. Note that this paragraph is not intended to apply to ties between
400 "yes", "no", or "abstain" where some point of substance requires a majority to
401 pass.

402 3.4.2. Tiebreakers relating to elections

403 If the tie occurs between two candidates in an election, and only one may be
404 elected, a vote shall be held to decide between them. If the result is once
405 again a tie, the body voting may choose to vote once more or decide by some form
406 of chance. At any point during this, either candidate may choose to withdraw.

407 3.5. Dismissal of elected persons

408 3.5.1. Dismissal of Executive Committee member

409 Two thirds of the Executive Committee can propose dismissal of an Executive
410 Committee member.

411 The Full Member Organisations vote on the proposed resignation through
412 electronic vote.

413 The vote is based on two letters: a letter of justification from the majority of
414 Executive Committee members proposing the dismissal and an optional letter of
415 defence from the Executive Committee member.

416 If at least one third of the full MOs participate in the vote and a two third
417 majority is reached the Executive Committee member is dismissed.

418 3.5.2. Dismissal of Secretary-General

419 Two thirds of the Executive Committee can propose the dismissal of the
420 Secretary-General. An additional General Assembly must then be convened by a
421 decision of the Administrative Board under the applicable rules (as set out in
422 the statutes), where the Member Organisations vote on both the dismissal of the
423 existing Secretary-General, and the election and appointment to the
424 Administrative Board of a new interim Secretary-General. The Executive Committee
425 has the right to in writing and orally inform the Member Organisations as to why
426 they have proposed the dismissal, and the Secretary-General the right to defend
427 themselves.

428 If quorum is reached (as detailed in the Statutes) and a simple two-thirds
429 majority is found at the additional General Assembly for dismissing the
430 Secretary-General, the Secretary-General is dismissed. The Executive Committee
431 can propose dismissal of the Secretary General, with two-thirds of the votes of
432 the members of the EC. The Member Organisations must be notified within 8 days
433 about the decision and the Executive Committee must appoint a Secretary-General
434 ad interim within 8 weeks after the decision of the Executive Committee. The
435 Secretary General ad interim will continue until the election of a new Secretary
436 General at the subsequent General Assembly. The new interim Secretary-General
437 will take over the mandate over the former Secretary-General, expiring whenever
438 the former Secretary-General's mandate would have expired. They have all the
439 powers and responsibilities of the former Secretary-General.

440 3.6. Gender quota

441 In all elected bodies there must be a minimum of 50% of people that self-
442 identify as women, intersex, nonbinary, trans or agender.

443 If there is only one position in a body, there is no quota. However it is
444 encouraged that people that self-identify as women, intersex, nonbinary, trans
445 or agender alternate in this position.

446 4. Bodies

447 4.1. Administrative Board

448 In line with the Statutes, the association is administered by an administrative
449 board composed of three people, appointed by the general assembly amongst the
450 Secretary-General, and members of the Executive Committee, preferably the
451 Spokespeople and the Treasurer.

452 4.2. Executive Committee

453 The Executive Committee members are responsible for making strategic and
454 political decisions about the organisation during their mandate and between
455 General Assemblies.

456 The Executive Committee is composed of eight people:

457 who are elected by the General Assembly with a one-year mandate

458 whose mandate can be renewed three times

459 in case of by-election, the term only counts as a mandate if it exceeds 9 months

460 an EC member can not hold two mandates in the same role

461 An EC candidate must not be older than 32 on the year of election.

462 A mandate is the period between one Annual GA and the second to next Annual GA.

463 Within the EC there are two spokespersons, who must not be from the same Member
464 Organisation, the treasurer and five additional members. The gender quota
465 applies to the spokespersons.

466 The Executive Committee:

467 is responsible for the relations with the Member Organisations,

468 has the right to make statements on behalf of FYEG, in line with the political
469 platform

470 oversees the implementation of the activity plan as decided by the General
471 Assembly

472 receives and handles applications from organisations that wish to join FYEG and

473 produces a report for the General Assembly including voting recommendation

474 can engage FYEG in partnerships with external movements, networks and
475 organisations

476 select members of non-elected temporary bodies and provides political support to
477 them (such as the prep-teams, working groups, task forces etc.)

478 The Executive Committee members represent FYEG to its partners, member
479 organisations and other stakeholders.

480

481 **EC members need to ensure a good transfer of knowledge when their mandate comes**
482 **to an end with a proper handover. The handover should take place within 3 weeks**
483 **of the tasks being divided.**

484 4.2.1. Spokespeople

485 The Spokespersons:

486 Coordinate the Executive Committee

487 Represent FYEG to the public and are a contact point for people from outside the
488 Federation.

489 Represent FYEG with the Partners and attend European Green Party Committee

958 In line with the Statutes, if the member organisations want to add a point to
959 the General Assembly agenda, they should communicate it to the Executive
960 Committee at least 10 days in advance and their proposal must be signed by one-
961 twentieth of the full members.

962 The agenda can only be changed with a simple two-thirds majority of the full
963 members. Proposed changes to the agenda have to be presented in written form to
964 the presidency.

965 Documents that are noted, amended, approved, disapproved at the General
966 Assembly:

967 The power and the role of the General Assembly is detailed in the Internal Rules
968 and Procedures.

969 The Executive Committee, the Secretary General, the Ecosprinter Editorial Board,

970 the Financial Control and Advisory Committee and the Advisory Committee presents
971 their reports for the previous years. These reports are heard by the GA, not
972 voted.

973 The Treasurer presents the annual accounts and financial report of the previous
974 financial year and the budget and the financial plan of the upcoming year. These
975 documents can be amended and voted.

976 The Executive Committee presents the Activity Plan and the Strategy Plan (if
977 applicable) for the upcoming year(s). These documents can be amended and voted.

978 The deadlines for presenting and amending these documents are detailed in the
979 Internal Rules and Procedures.

980 The Presidency is responsible for organising Compromise Amendment Sessions (CAS)
981 to try and find compromises on amendments, so that documents have a higher
982 chance of being adopted.

983 Compromise Amendment Sessions (CAS):

984 The Compromise Amendment Sessions are called CAS in short. Everyone who has
985 speaking rights at the General Assembly can attend the compromise amendment
986 session, and it's advised that all member organisations with voting rights do
987 so.

988 Compromises are made between the member organisations or the body that proposed
989 the original document and the member organisations or the body that proposed the
990 amendment subject to compromise. It is advised to include other interested
991 Member Organisations in this compromise process so as to further broaden
992 consensus.

993 Amendments to existing documents (Statutes, Internal Rules and Procedures,
994 Political Platform) are only subjected to compromise if the compromise is in the
995 scope of an already submitted amendments. The Presidency may declare a
996 compromise amendment ineligible if its scope is different from the original
997 amendment.

998 During the Compromise Amendment Session, the proposer of the resolution presents
999 their resolution. The proposer of the amendment presents their amendment. At
1000 this point other parties can declare their positions towards the amendment. The
1001 proposer of the resolution can adapt the amendments or seek a compromise. If a
1002 compromise is reached, it is shared with the delegates of the General Assembly.
1003 Unless a Full Member Organisation or the Executive Committee disputes the
1004 compromise, it is considered adopted. If the compromise is disputed, the

1005 compromise will be sought until the last day of the General Assembly.

1006 It is encouraged that the CAS sessions are organised in advance of the General
1007 Assembly, following the deadline for amendments which is one week before the
1008 General Assembly. The CAS session can happen online.

1009 In the voting, firstly the compromised amendments on the document as whole are
1010 voted. Afterwards, the document itself is voted on.

1011 Resolutions

1012 • Each resolution should have an international and/or European angle

1013 • Each resolution should be supported by at least one Member Organisation

1014 • A resolution should always have a call to action

1015 • A resolution should preferably be around 5,000 characters but definitely
1016 not more than 10,000

1017 The Executive Committee can recommend review of certain resolutions to the
1018 Presidency.

1019 The Presidency can suggest/demand the proposers of the resolution to withdraw
1020 their resolution or to postpone the resolution to the further General
1021 Assemblies.

1022 Speaking rights and debates:

1023 Speaking rights are open to all members of FYEG bodies, and all registered
1024 participants of the General Assembly.

1025 The presidency ultimately decides which individuals are given the opportunity to
1026 speak.

1027 The speaking time for debates is proposed by the presidency at the beginning of
1028 every debate based on the content of the debate and the time assigned for the
1029 current session in the agenda.

1030 The presidency can change the assigned speaking time based on the time left of

1031 the session to better fit the agenda, as they see fit. This might include
1032 cutting breaks.

1033 The General Assembly can overrule (with a simple two thirds majority) the
1034 presidency's proposals for speaking time. In such cases the new Agenda proposal
1035 must be submitted to the Presidency in a written form.

1036 During sessions where debates will take place, participants will be able to
1037 submit 'speaker cards' before the session. These cards will note if they are
1038 for/against, their Member Organisation and their gender.

1039 In view of the received speaker cards, the Presidency will define the speaker
1040 list. Speakers may still be taken from the floor for balance, but those who
1041 submit cards will be prioritised

1042 The presidency will ensure gender balance on the speaking list. This is done
1043 through a strict quotation of the list. Only as many men are allowed to speak as
1044 non-men are on the list. The only exception is if people are on the list who
1045 haven't participated in the debate up to that point. They will be chosen before
1046 persons that have already made plenty of contributions.

1047 The only exceptions to the speakers list are technical points. If someone has a
1048 technical point, they must signal the presidency and will be given the floor
1049 after the current speaker.

1050 Types of debate:

1051 Open debate: The debate is open to speakers willing to speak for or against the
1052 resolution or amendment being discussed, as well as for contributions that are
1053 neither opposed nor in favour. This debate is often used during the Compromise
1054 Amendment Sessions.

1055 Con-Pro: The debate is organised by an alternation of speakers against and for
1056 the resolution or amendment being discussed. This debate is often used during
1057 the Voting Session of the amendments that goes to vote and the resolutions.

1058 It should be noted that all the compromises should be reached before the voting
1059 session and the point of the con-pro debate is not to reach a compromise but to
1060 explain the positions. Therefore the presidency is encouraged to do only one
1061 round of con-pro debates, and if more than one rounds occur time is monitored by
1062 the presidency to ensure that overall the 'pro' and 'con' sides are both
1063 allocated equivalent speaking time.

1064 Quorum, voting and majorities:

1065 Quorum, voting rules and majorities are defined in the Internal Rules of
1066 Procedures.

1067 Voting rules and majorities are defined in the Internal Rules of Procedures

1068 A quorum check will be called before the voting sessions.

1069 Safer Spaces

1070 The General Assembly is a space where everybody feels safe, and has an equal
1071 opportunity to be heard. The Presidency is responsible for chairing the General
1072 Assembly in line with FYEG's Safer Spaces regulations. The presidency can ban a
1073 participant for misconduct for the remainder of a session.

1074 **(Queer-)Feminist Council**

1075 **On a point of order, the women, intersex, nonbinary, trans and agender**
1076 **participants present and entitled to vote may decide whether they wish to hold a**
1077 **Feminist Council. The motion is dealt with with one pro and one con speech, with**
1078 **only those eligible to vote on the motion able to speak; the debate can be**
1079 **opened up beyond these two speeches. The Feminist Council then deliberates for**
1080 **up to one hour in the absence of the other participants and informs the entire**
1081 **body of the outcome after the end of the Feminist Council. The Feminist Council**
1082 **is considered part of the respective body. The organizers are responsible for a**
1083 **parallel programme dealing with a feminist policy topic for all those not**
1084 **participating in the Feminist Council.**

1085 **At the Feminist Council, women, intersex, nonbinary, trans and agender people**
1086 **can issue a Feminist vote. In the case of motions that affect the right of self-**
1087 **determination of women, intersex, nonbinary, trans or agender people in terms of**
1088 **form or content or that particularly affect women, intersex, nonbinary, trans or**
1089 **agender people, the Feminist Council has the opportunity to hold a separate vote**
1090 **among women, intersex, nonbinary, trans or agender people before the assembly**
1091 **vote. This Feminist vote is a strong and urgent recommendation to the assembly**
1092 **and shall be understood as such. The feminist vote is a non-binding**
1093 **recommendation.**

1094 **Annex 2: Working Group Guidelines**

1095 These guidelines are to serve the Working Groups and the Working Group
1096 coordinators.

1097

1098 Working Group rights and responsibilities:

1099 Working group functions are detailed in the FYEG's Internal Rules of Procedures.
1100 FYEG Working Groups are based on direct democracy and the inclusion of all its

1101 members. Most of the Working Group meetings happen online, through the channels
1102 of internal communication available to them. Working Group members can have
1103 access to usage of the internal communication tools available to FYEG (such as
1104 online meeting softwares). As set out in the Internal Rules of Procedures, the
1105 EC is responsible for setting up a new Working Group and for ending the term of
1106 a Working Group.

1107 Working Groups can (and not only):

- 1108 • Support FYEG and its bodies in developing policy documents
- 1109 • Provide feedback to FYEG's internal policies and documents
- 1110 • Create campaigns
- 1111 • Create guidelines, templates, training material, and similar material

1112 All the Working Group activities must be in line with the FYEG Political
1113 Platform.

1114
1115 Only FYEG's Executive Committee (EC) has the mandate to speak on behalf of the
1116 organisation and engage in partnerships with other organisations. Therefore, any
1117 external communication or partnership request needs their approval.

1118 When the Working Group has a request for content to be shared via FYEG's
1119 official channels, firstly, it should be approved by the member of the Executive
1120 Committee responsible for the Working Group (hereinafter EC Responsible).

1121 Moreover, if the Working Group decides to engage in external partnerships, sign
1122 letters of external partners (i.e. organisations other than Green Political
1123 Organisations), etc. this must also be approved by the EC Responsible for the
1124 Working Group.

1125 Finally, if the Working Group needs support from the FYEG Office in matters of
1126 communication, administration, finances, etc. the Working Group should
1127 communicate a detailed concept, through the Working Group coordinator, to the EC
1128 Responsible in a timely manner.

1129 Executive Committee responsibilities:

1130 The EC Responsible is the person appointed among the EC members to be
1131 responsible for the Working Group.

1132 They are responsible for:

- 1133 • Initial setup of the Working Group: defining the aims, scope, timeframe,
1134 publishing a call for Working Group members and coordinators

- 1135 • Choosing the first members of the Working Group and the Working Group
1136 coordinators

- 1137 • Meeting with the coordinators to explain their roles and responsibilities

- 1138 • Attend meetings where needed/wanted to (optional) - but in general, it is
1139 more important to be aware what they are up to

- 1140 • Keeping track of all their activities and being aware of how the Working
1141 Group is progressing and what they are up to

- 1142 • Providing political advice and making sure the Working Group acts in line
1143 with FYEG's Political Platform

- 1144 • Updating the Working Group on FYEG activities related to their topics and
1145 purposes

1146 The EC responsible has the possibility to exclude someone from the Working Group
1147 on the recommendation of the coordinators or at least three members of the
1148 group. The EC has to be informed of the decision. The person has the possibility
1149 to appeal to the Advisory Committee.

1150 Working Group coordinator responsibilities

1151 A working group should have two coordinators, at least one of them self-
1152 identifying as women, intersex, nonbinary, trans or agender.

1153 If it is impossible to find two coordinators even after the EC responsible's

1154 best efforts to do so, an exemption can be made if approved by the FYEG EC. In
1155 this case, it is required that either the EC responsible or the Working Group
1156 coordinator self-identifies as female, intersex, nonbinary, trans or agender,

1157 Working Group coordinator tasks are as follows:

1158 • Set meetings and agendas for Working Group and notifying members of action
1159 points afterwards (online Working Group meetings should strive to be
1160 planned at least once every two weeks, excluding holidays and exceptional
1161 circumstances)

1162 • Set up the main communication channels

1163 • Main point of contact for EC Responsible

1164 • Keep the EC Responsible up to date on what's happening in the Working
1165 Group

1166 • Keep Working Group members informed and updated on EC's feedback and
1167 recommendations

1168 • Steer direction: set priorities, what themes/projects they work on,
1169 oversee the work

1170 • Coordinate the creation of a Working Group activity plan, guided by the
1171 objectives and goals set out at the beginning

1172 • Set up subgroups (if necessary or desired)

1173 • They do not need to be involved in every single project or attend every
1174 meeting, but in their absence should delegate project or meeting
1175 moderation to someone else, and keep themselves updated on progress

1176 **Annex 3: Safer Spaces Policy**

1177 Safer spaces are evolving and not static. We have high expectations on how we
1178 behave towards each other in our meetings, actions and social spaces. Making a
1179 space safer means different things depending on the group of people involved as
1180 each group has different needs. This policy aims to be considered in every
1181 meeting involving FYEG, but the document should evolve as we learn and grow.

1182 As an organisation we build social relationships inside and outside of meetings
1183 and actions. We commit to this Safer Spaces policy wherever we are together,
1184 this includes ensuring that ALL spaces are inclusive and harmless.

1185 If someone violates these agreements a discussion or mediation process can
1186 happen, depending on the wishes of the person who was affected. If a serious
1187 violation happens to the extent that someone feels unsafe, they can be asked to
1188 leave the space and/or speak with one member of the Awareness Group. If
1189 necessary, the Sexual Harassment Protocol will be activated.

1190 1. Respect! Racism, as well as ageism, GSRM-phobia, sexism, ableism or
1191 prejudice based on ethnicity, nationality, class, gender, gender presentation,
1192 language ability, asylum status or religious affiliation is unacceptable and
1193 will be challenged. FYEG has a zero-tolerance policy with any kind of
1194 discrimination, even though we acknowledge that there can be different levels in
1195 a breach of a safe space.

1196 2. Be aware of your privileges! Including racial, class and gender privilege
1197 and/or less obvious or invisible hierarchies. Think about how your words,
1198 opinions and feelings are influenced and who they might exclude or harm.

1199 3. Consent! Respect each other's physical and emotional boundaries, always get
1200 explicit verbal consent before touching someone or crossing boundaries. Don't
1201 assume your physical & emotional boundaries are the same as other people's.

1202 4. Friendly use of language! Be aware of the language you use in discussion and
1203 how you relate to others. Try to speak slowly and clearly and use uncomplicated
1204 language especially when non-natives speakers are involved in the conversation.

1205 5. Don't anticipate yourself! Avoid assuming the opinions and identifications of
1206 other participants.

1207 6. Learning; if you don't understand something, just ask. You may be directed to
1208 a book, website or skill share to learn more. It's ok to make mistakes. Please
1209 show appreciation for the hard work of others and be considerate when you offer
1210 criticism.

1211 7. Everyone has their turn; give each person the time and space to speak. In

1212 large groups, or for groups using facilitation: Raise your hand to speak.

1213 8. Calling out; if you have acted or spoken harmfully, even if unintentionally,
1214 expect that someone will bring this up to you. If this happens, listen and
1215 reflect on what they are saying even if you think they may be wrong. Don't try
1216 to absolve yourself of responsibility.

1217 This policy should be expanded with specific measures and practices to promote
1218 the creation of safer spaces.

1219

1220 **The EC, Office and all Prep Teams must organise mandatory reflection/awareness**
1221 **sessions dedicated to discussing power dynamics in relation to sexual/romantic**
1222 **relationships within our Federation, being mindful about how they engage with**
1223 **participants and ethical leadership within FYEG.**

1224 1. **The EC should hold such a reflection/awareness session at a minimum once a**
1225 **year preferably at the first live ECM.**

1226 2. **The Office should hold such a reflection/awareness session at a minimum**
1227 **once a year.**

1228 3. **Prep Teams should hold such a session at least once during a Prep Team**
1229 **meeting before the event they are organizing begins.**

1230 **Discussions on power dynamics and ethical leadership also are incorporated into**
1231 **the onboarding process for new EC members and Office members.**

1232

1233 **Permanent Awareness Team**

1234 **The Permanent Awareness Team consists of one member from the EC and one**
1235 **volunteer that is not a member of the EC. Both members are selected by the EC.**
1236 **This team operates in addition to the event-specific awareness groups and are**
1237 **complementary to those. Members of FYEG should be informed of the existence of**
1238 **this team and know that they can contact them regarding situations that make**

1239 **them feel uncomfortable or if they have concerns about the behaviour of EC**
1240 **Members, Office members, or PT members.**

1241 **The Permanent Awareness Team should be easily accessible via the website, and**
1242 **there should be a contact form available that allows for anonymous submissions.**

1243 **The team is responsible for safeguarding the anonymity of any FYEG members who**
1244 **reach out to them.**

1245 **The Permanent Awareness Team has the authority to make recommendations and**
1246 **propose initiatives in the form of reports to the EC and the General Assembly as**
1247 **needed.**

1248
1249 Anti sexual harassment protocol

1250 FYEG has a zero-tolerance policy on sexual harassment at all its events, within
1251 all its structures and during all activities. This protocol is applicable for
1252 those participating in an FYEG activity (General Assembly, Strategic Planning
1253 Committee, Working Group Meeting or any other activity), members of a Member
1254 Organization (MO), or members of an online structure of FYEG, referred to as
1255 "this organization" from now onwards in this protocol.

1256 Anyone who is subject to sexual harassment can approach one of the designated
1257 contact points responsible for receiving complaints of sexual harassment. The
1258 Executive Committee will designate an Awareness Group for anyone presenting
1259 allegations of physical, verbal or online sexual harassment. In accordance with
1260 the IRPs, the Awareness Group will be formed by two persons from the EC who are
1261 of different genders. Additionally, every Prep - Team will designate one person
1262 to be an independent contact person in our projects. However, this person shall
1263 always inform the official contact points if a procedure starts, in the case of
1264 their absence, the main contact will be the Project Manager.

1265 When one of these procedures is open in the organization, the EC as a whole must
1266 be informed of the procedure without details of the people involved or the
1267 presented allegations to respect confidentiality. If a case involves someone
1268 from the EC, the case will be brought to the Advisory Committee (AC). The
1269 Advisory Committee will act as contact points when a case arises, following this
1270 protocol. However, the EC will not be informed until a final decision is made.

1271 Important note:

1272 These procedures will follow general principles such as the privacy of the
1273 survivor, confidentiality of the process and survivor's choice and preference.

1274 We respect the presumption of innocence of any alleged harasser which is why
1275 this procedure is in place and has been approved in the General Assembly.
1276 However, as a feminist organization, we also believe in the principle of
1277 believing the survivor and putting the burden of the proof on the alleged
1278 harasser.

1279 This procedure might be applied to an internal case of a MO if this case is
1280 related to FYEG activity or if the people involved take part in any FYEG
1281 structure. However, we will not be able to extend sanctions or disciplinary
1282 measures beyond FYEG. MOs can however adapt this protocol to their own
1283 organization.

1284 When the designated people receive a complaint of sexual harassment, they shall:

- 1285 1. Immediately record the dates, times and facts of the incident(s);
- 1286 2. ascertain the views of the survivor as to what outcome they want, ensure the
1287 survivor feels safe and ensure the survivor is separated from the alleged
1288 offender unless the survivor wishes otherwise;
- 1289 3. ensure that the survivor and the alleged harasser understands FYEG protocol
1290 for dealing with the complaint;
- 1291 4. discuss and agree the next steps with the alleged survivor, informal, formal
1292 or outside complaints procedure (police, hospital, embassy, etc.), on the
1293 understanding that choosing to resolve the matter informally does not preclude
1294 the survivor from pursuing a formal complaint if they are not satisfied with the
1295 outcome;
- 1296 5. keep a confidential record of all discussions. Records will be destroyed if
1297 the alleged survivor requests it, or before the change to a new EC. However, a
1298 record of sanctions and a brief description of the reason will be kept in a safe
1299 place;
- 1300 6. respect the choice of the survivor;
- 1301 7. and ensure that the survivor knows that they can lodge the complaint outside
1302 of FYEG through the relevant country/legal framework.

1303 INFORMAL COMPLAINTS PROCEDURE

1304 If the survivor wishes to deal with the matter informally, the designated person
1305 will:

- 1306 • Approach the alleged harasser saying that the behaviour is offensive,
1307 unwelcome and must be stopped;
- 1308 • Inform the harasser that FYEG has a zero tolerance policy on sexual harassment
1309 and that disregarding this policy may result in the person's exclusion from the
1310 organization
- 1311 • give an opportunity to the alleged harasser to respond to the complaint;
- 1312 • ensure that the alleged harasser understands the complaints mechanism;
- 1313 • facilitate discussion between both parties to achieve an informal resolution
1314 which is acceptable to the complainant, provided the alleged survivor agrees,
- 1315 • ensure that a confidential record is kept of what happened;
- 1316 • follow up after the outcome of the complaints mechanism to ensure that the
1317 behaviour has stopped and that there is no risk of its repetition;
- 1318 • And ensure that the above is done accurately and at the latest within 10 days
1319 of the complaint being made. During events, the procedure shall take place
1320 within 48 hours.

1321 FORMAL COMPLAINTS PROCEDURES

1322 If the survivor wants to make a formal complaint or if the informal complaint
1323 mechanism has not led to a satisfactory outcome for the survivor, the formal
1324 complaint mechanism should be used to resolve the matter.

1325 The designated person who initially received the complaint will communicate to
1326 the rest of contact points the opening of a formal complaint procedure. The EC
1327 will be informed of this, respecting the confidentiality of the alleged survivor
1328 and the allegations. The designated person who initially received the complaint
1329 will carry out the investigation with the assistance of the Awareness Group and
1330 the independent contact person at the moment in which allegations were
1331 presented, if any. They will help the investigator with the analysis and
1332 decision making process. A procedure for online harassment shall be developed.

1333 The person carrying out the investigation will:

- 1334 • interview the survivor and the alleged harasser separately
- 1335 • interview other relevant third parties separately

- 1336 • decide whether the incident qualifies as sexual harassment within the meaning
1337 of this protocol
- 1338 • produce a report detailing the investigations, findings and any
1339 recommendations
- 1340 • if the harassment took place, decide what the appropriate remedy for the
1341 survivor is, in consultation with the survivor (i.e. an apology, a change of
1342 structure, suspension..,)
- 1343 • follow up to ensure that the recommendations are implemented, that the
1344 behaviour has stopped and that the survivor is satisfied with the outcome
- 1345 • if it cannot determine that the harassment took place, they may still make
1346 recommendations to ensure proper functioning of the organization
- 1347 • keep a record of all actions taken
- 1348 • ensure that all records concerning the matter are kept confidential
- 1349 • ensure that the process is done as quickly as possible and in any event within
1350 15 days of the complaint being made

1351 The general rule is to avoid the presence of the alleged harasser in those
1352 places/structures in which the alleged survivor moves. It is vital that the
1353 wishes and needs of the survivors are incorporated into the outcome of the
1354 complaints mechanism.

1355 A data protection protocol will be developed.

1356 OUTSIDE COMPLAINT MECHANISM

1357 This protocol seeks to create a fast and appropriate response to allegations of
1358 sexual harassment. However, it does not seek to substitute existing regulation
1359 and legislation on this issue. We want to make clear that FYEG wants to be fully
1360 supportive with every decision of the alleged survivor.

1361 A person who has been subject to sexual harassment can at any time make a
1362 complaint outside of the organization. Even though this organization cannot
1363 offer legal advice, the contact point(s) will accompany the person to the
1364 instance this person prefers (hospital, police, ombudsperson, law courts,
1365 embassies, etc.) if they request it.

1366 SANCTIONS AND DISCIPLINARY MEASURES

1367 Anyone who has been found to have sexually harassed another person under the
1368 terms of this policy may be sanctioned. Sanctions may include but are not
1369 limited to one of the following :

1370 • Verbal or written warning

1371 • Suspension from an elected or non-elected FYEG structure, in line with FYEG
1372 IRPs when appropriate

1373 • Dismissal/expulsion

1374 Depending on the seriousness of the allegations, the EC, upon request of the
1375 Awareness Group may suspend someone from taking part in any FYEG structure or
1376 activity during the duration of the process. Confidentiality of the survivor
1377 will be maintained.

1378 In case of sexual harassment, violence or discrimination by a member of an
1379 elected body within FYEG (Financial Control Committee, Advisory Committee or
1380 Ecosprinter Board) the EC can exclude the offender after consulting the full
1381 MOs. (cf. 2.2.2). If the case arises within the EC, the Advisory Committee can
1382 exclude the offender after consulting the full MOs.

1383 The nature of the sanctions will depend on the gravity and extent of the
1384 harassment. Suitable deterrent sanctions will be applied to ensure that
1385 incidents of sexual harassment are not treated as trivial. Certain serious
1386 cases, including physical violence, will result in the immediate dismissal of
1387 the harasser.

1388 Guidelines for persons of contact

1389 Read the protocol and understand every aspect

1390 What is sexual harassment? It is unwanted behaviour of a sexual nature which:

1391 • Violates your dignity

1392 • Makes you feel intimidated, degraded or humiliated

1393 • Creates a hostile or offensive environment

1394 Sexual harassment “can include, but is not limited to”, these examples:

1395 • Touching, pinching, stroking, squeezing, or brushing against someone

1396 • Leering or ogling

1397 • Making LGBTIAQ+-phobic or GSRM (Gender, Sexual and Romantic Minorities)-
1398 phobic comments and sexually suggestive signals, winking

1399 • Sending unwanted e-mails, text messages, posting sexually-explicit jokes
1400 or content on FYEG communication channels

1401 • Sexual comments or jokes

1402 • Making insults based on a person’s sex or rating their sexuality

1403 • Turning work discussions to sexual topics

1404 • Physical behaviour, including unwanted sexual advances, touching and
1405 various forms of sexual assault

1406 • Displaying pictures, photos or drawings of a sexual nature

1407 Remember: Whether harassing intentionally or unintentionally, we all have a
1408 responsibility to monitor our behaviour and respect each other. Anyone who
1409 reports an incident has the right to remain anonymous. They also have the right
1410 to feel safe and respected.

1411 Listen and Support

1412 It's tough to be prepared when someone tells you that they have been the
1413 survivor of sexual harassment. Remember, you can only provide support

1414 Support and understanding are essential. It takes a lot of courage for a

1415 survivor to share their experience;

1416 Try to provide a safe/non-judgmental environment, emotional comfort and support
1417 for the survivor to express feelings;

1418 Let them know that they can talk with you. Listen. Don't rush to provide
1419 solutions.

1420 Believe

1421 The most common reason people choose not to tell anyone about sexual abuse is
1422 the fear that the listener won't believe them. People rarely lie or exaggerate
1423 about abuse; if someone tells you, it's because they trust you and needs someone
1424 to talk to.

1425 People rarely make up stories of abuse. It is not necessary for you to decide if
1426 they were "really hurt." If the survivor says they were hurt, that should be
1427 enough

1428 Believe what the person tells you. It may have been difficult for them to talk
1429 to you and trust you. Unless proven wrong harassment has happened.

1430 Reassure

1431 Sexual assault is NEVER the survivor's fault. No one asks to be sexually
1432 assaulted by what they wear, say or do. Let the survivor know that only the
1433 perpetrator is to blame;

1434 The survivor needs to hear that fears, anxieties, guilt and anger are normal,
1435 understandable and acceptable emotions;

1436 Remember, no one ever deserves to be abused or harassed.

1437 Be Patient

1438 Don't press for details – let the person decide how much to tell you. Ask them
1439 how you can help;

1440 Survivors have to struggle with complex decisions and feelings of powerlessness,
1441 trying to make decisions for them may only increase that sense of powerlessness;

1442 You can be supportive by helping them to identify all the available options and

1443 then help them by supporting their decision making process (here refer to the
1444 protocol).

1445 The survivor can't just "forget it" or just move on. Recovery is a long term
1446 process and each individual moves at their own pace

1447 Encourage

1448 Encourage the survivor to seek medical attention, report the assault, and or
1449 contact a professional if needed. Remember, the survivor must ultimately make
1450 the decision as to what to do. They are the experts in their own lives. Don't
1451 push. Remember, support their choices no matter what they decide.

1452 Respect Privacy - Confidentiality

1453 Don't tell others what the survivor tells you. Let the individual decide who
1454 they will tell. It is important not to share information with others who are not
1455 involved;

1456 If you do need to share information for their safety, get permission by letting
1457 them know what you will share and with whom it will be shared; ie. the rest of
1458 contact points in case of a formal complaint

1459 Establish Safety

1460 An important part of helping the survivor is to identify ways in which the
1461 survivor can re-establish their sense of physical and emotional safety. You are
1462 a step in the process. Ask them what would make them feel safe and how you can
1463 help them accomplish this.

1464 If the stalking or harassment is ongoing, help them to develop a plan of what to
1465 do if they are in immediate danger. Having a specific plan and preparing in
1466 advance can be important if the harassment escalates.

1467 Things you can say

1468 It is hard to know what to say to a person when they confide in you. Refrain
1469 from asking a lot of questions, instead, support them with these phrases. Let
1470 the person know that you believe that they have the strength and capacity to
1471 heal.

1472 • It's not your fault

1473 • I'm sorry this happened

1474 • I believe you

1475 • How can I help you?

1476 • I am glad you told me

1477 • I'll support your choices

1478 • You're not alone

1479 Use of inclusive language

1480 FYEG aims to use language in its communications and its events that reflects the
1481 level of English spoken within an organisation of mostly non-native speakers.
1482 FYEG promotes the use of inclusive and accessible language within the
1483 organisation. FYEG attempts to reduce the shame of using simple language. We do
1484 this to make sure that everyone feels welcome to participate and contribute.
