

I1 A4: Internal Rules of Procedure

Proposers

FYEG EC

Motion text

In line 475:

A mandate is the period between one Annual GA ~~and the second~~ to the next Annual GA. The EC's mandate is entrusted by the GA, and this should be reflected in the EC's work and attitudes. This also means that the EC as a whole, or individual EC members can be held accountable to the GA in the instance of working against the interest of the GA.[Space]

Reason

In the light of the conflict that took place at the beginning of the mandate, the AC suggested to reflect on the role of the EC and work on IRPs amendments to better reflect the task of the EC as a whole and of its members.
