R2 A1: Bans Off Our Bodies: Protecting Bodily Autonomy and Reproductive Justice

Proposers Óige Ghlas, Young Greens

Motion text

Insert from line 52 to 53:

3. Member States that provide abortion care for individuals unable to access it in their home countries (whether or not their home country is an EU member state).

From line 69 to 70:

9. Sexual and reproductive health education must be strengthened in all ~~EU~~European countries, emphasizing science-based, non-judgmental information about

Reason

This amendment seeks to broaden some of the language used to include non-EU countries; while recognising that this resolution mainly calls for action from the European Parliament, we should be aware that it is an issue beyond EU borders.
