Insert from line 69 to 70:

government's statements and the deliberate targeting of aid workers and paramedics. Another brazen example of the Israeli government's committment to illegal blockade of aid is their horrible attack against the Freedom Flotilla Coalition on the international waters which is a war crime according to A war crime under Article 8(2)(b)(iii) of the Rome Statute (ICC). Reason

Adding another example of heightened action of IDF, similar to previous example in the same paragraph to further underline the Israeli government's disregard of international law and their seemingly limitless state terror.
