R1 A48: Resolution for a just and permanent ceasefire in Gaza and lasting peace in the Middle East

Proposers DWARS

Motion text

Insert after line 97:

- Quit the colonial mindset and therefore denounce any plans and schemes by foreign states aimed at repurposing Gaza or other Palestinian territories for their business ventures. All plans for these regions should be decided on by the Palestinian people.

Delete from line 117 to 124:

~~FYEG calls for the international community to denounce any plans by foreign states aimed at repurposing Gaza or other Palestinian territories for their business ventures or other aims that are not primarily focused on restoring stability and good living conditions for the population. For example, plans for building a luxury resort to benefit the foreign ultra-wealthy class must be categorically denounced, as that would amount, at the very least, to an ethnic cleansing of the Palestinian people, and any suggestion that such an act would be voluntary is a lie.~~

Reason

We think this should be a simple call not specifically on the US, but on anyone making plans to repurpose Gaza or any other Palestinian territories. Only Palestinians should have a say about this.
