Motion text

Insert after line 113:

- Recognize and contextualise Palestinian (resistance) organisations and civil society, without merely reducing them to terrorist organisations and avoiding the weaponisation of labels like ‘terrorist’.

Reason

We have been noticing a phenomenon surrounding the genocide on the Palestinian people. Often, Palestinian organisations are reduced to terrorist organisations by Israel and 'the West'. When this happens, these Palestinian organisations are no longer able to get any meaningful say in ceasfire/peace negotiations and the future of Palestine.
