R1 A83: Resolution for a just and permanent ceasefire in Gaza and lasting peace in the Middle East

Proposers DWARS

Motion text

Insert from line 70 to 71:

Ending Israel's assault on Gaza is only the first step. We must address the root causes of this conflict and genocide: settler colonialism, ethnic cleansing, and global complicity. Palestinians are not victims of a natural disaster. They are being deliberately targeted by a state that enjoys international impunity.

Reason

We can't just simply 'solve' the current violence and then expect that it won't happen again or that all will be well. Israel's assault is rooted in decades of violence and injustice and is the result of a colonial mindset from them and us. We must acknowledge that.
