R1 A90: Resolution for a just and permanent ceasefire in Gaza and lasting peace in the Middle East

Proposers Grüne Jugend (Germany)

Motion text

Insert after line 59:

Since our last resolution, it has once again become clear that this conflict not only affects people in the region, but has an impact on the whole world. People of the Muslim and Jewish faith are exposed to increasing hatred and discrimination. In addition, activists and even some individual experts are experiencing repression.
As Young Greens, we stand with non-violent movements campaigning for peace in the Middle East. We condemn all forms of police violence and other forms of institutional repression against non-violent demonstrations and activism. At the same time, we speak out against any trivialisation of violence and any anti-Semitic or anti-Muslim slogans at demonstrations.
We also show our clear solidarity with the protests within Israel against the actions of the far-right Israeli government and with the protests of Palestinians within Gaza and the West Bank against the actions of Hamas. You are our hope in this cruel conflict!
