R3 A6: Updated Young Green vision on European defense policy

Proposers Les Jeunes Ecologistes

Motion text

From line 90 to 97:

honesty. If the EU claims to build a peace-oriented and ethical security policy, it must confront its own complicity in global violence. ~~Criticizing~~The EU cannot criticize U.S. militarism while remaining silent about the role of ~~EU~~its own member states~~. Some~~, especially since some of them are ranking amongst the world's largest arms exporters, including to authoritarian regimes and governments actively violating human rights. That is not solidarity. It is hypocrisy. ~~It~~Solidarity means acknowledging that security concerns vary across Europe, and that Central and Eastern European states, especially Ukraine, ~~whose perspectives~~ **must ~~help~~have their perspectives included** in shaping collective defense policy.
