R3 A8: Updated Young Green vision on European defense policy

Proposers Zelena omladina Srbije

Motion text

Insert from line 131 to 132:

- complicity with oppressive regimes and being firm advocates for peace and human rights not just within our borders but also abroad.
  Reaffirm the right of digital privacy of all citizens from oversight and tracking by governments.

Reason

During the past year, many activists have been targeted and tracked in the name of defence and security, not only in Serbia, but everywhere in the majority of the world. We believe that in this resolution, the freedom to not be tracked needs to be addressed.
