R2 AM8: Climate Adaptation Is Justice: Care for Europe’s Vulnerable Territories

Proposers Executive Committee

Motion text

Insert after line 93:

- The EU should establish a permanent Climate Adaptation and Resilience Fund financed through taxes on fossil fuel profits, aviation, luxury emissions, and extreme wealth

Reason

When speaking of investment - as done in the previous bullet - for completion, it is also good to have a demand which has a structured financial system in place to fund this investment.
