R2 AM24: Climate Adaptation Is Justice: Care for Europe’s Vulnerable Territories

Proposers Jaunatnes Organiz?cija "Protests"

Motion text

Insert after line 97:

- **In line with the 2025 FYEG resolution on defense,defense policy must explicitly address climate adaptation. Resources allocated for security should be distributed to counter climate change-related hazards, such as natural disasters;**

Reason

This is a continuation of last year's approved resolution to broaden the understanding of defense to also include climate adaptation. This strongly correlates with the values of this current resolution. It also gives a clear example of where funding could be found.
