**R3 AM25: No Future Without Education: Facing Inequalities through Rights and Participation**

**Proposers** Jeunes écologistes

**Motion text**

**Insert from line 10 to 12:**

the growing commodification of education reflect systemic priorities that place capitalist market logic above social justice and education. Too often, the aim of educations systems is to produce compliant workers ready for the job market. This reality is inherent to the school system within our capitalist systems. It then requires a radical transformation of educational institutions in order to restore their emancipatory function, or even exceed it. At the same time, these political decisions impede students from acquiring valuable knowledge for
