Motion text

Insert from line 22 to 23:

right to exist and aiming for a subordinate regime, while interfering with democratic processes across Europe. The invasion is enabled by the support of other authoritarian regimes, such as China's dual-use technology exports, Iran's drones, North Korea's troops and munition and Cuba's recruitment of own citizens as Russian mercenaries.

Reason

In the resolution, we rightly condemn US support for Israel, and we believe it is worth mentioning the involvement of other powers in support to Russia.
