SR2* **Statutory Resolution on Immediate Implementation of IRP Amendments 3-4-5-6 Concerning Awareness Team Reform and Safe Space Policy**

Proposer:	Executive Committee
Agenda item:	10. Statutory Documents

Motion text

Noting that

- The Executive Committee is undertaking a broader reform of FYEG’s Awareness Team, safe space framework, and internal accountability structures;

- Existing procedural gaps, outdated governance provisions, and previous misinterpretations of the Internal Rules of Procedure have limited the democratic legitimacy, transparency, and practical effectiveness of these structures;

Recognising that

- The reform package aims to strengthen the role of the General Assembly in approving and overseeing the volunteer member of the Awareness Team;

- Safer space and safeguarding procedures must remain effective, participatory, and immediately enforceable to ensure trust, accountability, and survivor protection;.

- Delays in implementation could undermine the coherence and effectiveness of these urgently needed governance reforms;

Believing that

- The immediate enforcement of amendments 3, 4, 5, and 6 is necessary to ensure full practical application of the Executive Committee’s awareness and safe space reform agenda;

- These amendments collectively improve democratic oversight, transparency, procedural clarity, and safeguarding flexibility across FYEG’s governance framework;

- Immediate implementation ensures consistency between the Statutes, IRPs, and the broader institutional reform process;

The Executive Committee requests, with the approval of the General Assembly, that

- IRP amendments 3, 4, 5, and 6 be applied immediately upon adoption;

Note: As the Statutes and IRPs are being amended, this resolution shall, where necessary, be interpreted in line with any adopted changes to ensure coherence throughout FYEG’s governance framework.
